Mission Prayer: Sarah and Asia.

Let us pray for Sarah, who since September is studying for one year at All Nations Christian College in Ware, Hertfordshire, the same College where she studied in 2006 & 2007 for her two years training, before ten years missionary service in the far East. Pray that these theological studies will be very helpful for her future work, may she receive many insights and revelations from the Lord.

Please pray that Sarah will be successful in obtaining the Masters Degree in Missiology at All Nations Bible College, may the Holy Spirit be with her throughout this demanding Course. Pray that she may greatly benefit from being part of a very diverse group of participating students in the classes, who have a lot of experience and reflections to share. May the present studies on integral, holistic mission inform her about the many ways God uses to bring the Gospel to the nations.

Reaching the families

The Alpha course Holy Spirit day went very well indeed last Wednesday; over 30 people were present and many came forward for prayer. There was a real sense of Jesus' presence and anointing on the day and we believe that much work was done. I praise God for these occasions. May the Holy Spirit continue to lead us on and impart new Life.

We hope to be ringing the bells at 7.00pm today to mark the exact time that, 100 years ago, the First World War ceased.

Wisdom: "I dwell in the heart which has emptied itself of self."

APPEAL FOR HELP - urgently needed, more people to deliver the Rock church magazine just once every two months. Only takes a short time to deliver to a street near you - a good opportunity for a walk - on your own, with your children, your dog or the whole family! Please speak to Joan King to find out which street you can cover.

Furniture wanted please: does anyone have a sideboard or dresser they no longer require? Sharon and Ben would be most grateful to receive one.
